

PREMIS:

PREservation Metadata: Implementation Strategies

International workinggroup, sponsored by OCLC and RLG

Goal:

- /// Define a core set of preservation metadata elements**
- /// Identify and evaluate implementation of preservation metadata**

Started in June 2003 and running until the fall of 2004

Expected results:

- /// List and description of core elements**
- /// Report on the results of an international survey**
- /// Recommendations for implementation**
